

ADMINISTRATION

AMR Providing Free CPR Training

On May 21, local emergency medical services provider American Medical Response Inc. (“AMR”) will provide free training to local residents and teach them to save lives through compression-only CPR. Compression-only CPR allows bystanders to keep life-saving blood flowing through a victim’s body just by pressing on the chest in a hard, fast rhythm. Bystanders who provide compression-only CPR can double or triple a cardiac arrest victim’s chances of survival. This event, which is part of AMR’s nationwide observance of National Emergency Medical Services Week, will be held from 10:00 a.m. to 8:00 p.m. at Streets of Brentwood Shopping Center (2565 Sand Creek Road). For more information, please visit www.facebook.com/AMR.contracosta?ref=hl.

FINANCE AND INFORMATION SYSTEMS

Gigabit Broadband Internet Service

On May 13 the City Council approved an agreement with Sonic.net to install Gigabit Broadband Internet service in Brentwood, making it the first city in the Bay Area to feature a widespread gigabit broadband network available to residents and businesses. It is estimated that initially over 8,000 homes and businesses in Brentwood will have the ability to connect to the gigabit network.

Gigabit Internet is an ultra-high speed broadband service, running at speeds 50-400 times greater than what most users currently experience. The combination of the city’s proximity to major technology job centers along with an internet network rivaling any in

the country will help establish Brentwood as an attractive destination for the next generation of technology companies.

Sonic.net will offer a lower speed copper service to those areas of the city which currently do not have conduit available. In addition, Sonic.net, in conjunction with the City, is developing plans on how to cost effectively bring fiber service to the parts of city that currently do not have the necessary infrastructure.

CITY MANAGER WEEKLY UPDATE

For Week Ending May 16, 2014

Paul Eldredge, City Manager

Sonic.net will also connect certain public facilities to the gigabit network, including schools with conduit access, and will dedicate fiber to the City for municipal services. The City will not be required to contribute any funds towards the deployment or the ongoing maintenance costs of the gigabit network.

Residents who wish to receive additional information on Sonic.net gigabit fiber plans can go to the following link: <http://sonic.net/brentwood>.

PARKS AND RECREATION

Brentwood Earns Playful City Honor

The Parks and Recreation Department is excited to announce that the City of Brentwood, for the seventh consecutive year, has been designated a “Playful City” for 2014. Playful City USA is a national program from KaBOOM! that celebrates and promotes local policies that increase play opportunities for children and is a key platform in combating the lack of play among children. KaBOOM! is a national non-profit dedicated to saving play for America’s children; their mission is to create great play spaces through the participation and leadership of communities. Ultimately, KaBOOM! envisions a place to play within walking distance of every child in America.

Mayor Robert Taylor commented, “Through the Playful City USA program, other communities across the country will now look to Brentwood as a role model. These cities and towns will examine our best practices and look to replicate them in their communities. I take a tremendous amount of pride in knowing that what we’re doing here in Brentwood will improve the lives of not only our children, but children elsewhere as well.”

This year, we are one of 212 cities so designated. California boasts the second most Playful Cities in a state this year, with 23 Playful Cities.

Mark your calendars now for the 7th Annual Play Day and children’s concert on August 22 at City Park (710 Second Street). For more information, please contact Parks and Recreation at (925) 516-5444.

Starry Nights Concert Series

Starry Nights in Brentwood kicks off next month, on June 13. Starry Nights is an annual summer-time series of concerts held Friday evenings in City Park (710 Second Street). Please see the attached schedule for details, and for more information, call Parks and Recreation at (925) 516-5444.

POLICE

Mountain Lion Sighting

Please see the attached press release, dated May 14, regarding a mountain lion sighting.

Police Patrol Vehicles

As approved by City Council on December 10, 2013, the first of five 2014 Ford Police Interceptor Utility Vehicles (“SUV”) that was purchased from Bill Brandt Ford, is ready to hit the street. The remaining four SUVs are soon to follow. All of the SUVs are replacing Crown Victoria Interceptors that are no longer being built and were scheduled for replacement in fiscal year 2013/14. As the existing fleet continues to age, the vehicles requiring replacement will be replaced with the Ford Interceptor SUV thus it will take some time before the fleet is fully converted to the new vehicles. The purchase price of this SUV is very close to the other police vehicle options available, and the operating costs for these vehicles are very comparable as well, while providing a larger operating platform and more versatility.

PUBLIC WORKS

2014 Pavement Management Program – Grind & Overlay

This year’s annual work on the Pavement Management Program has been separated into two projects; Slurry Seal, and Grind and Overlay. Both projects were awarded by the City Council on April 22. The grind and overlay work will begin first on May 19. Central Valley Engineering & Asphalt has 45 working days to complete the work. A map identifying the eight areas of grind and overlay work is attached showing tentative schedules for each location. The slurry seal work is scheduled to begin in June. Both projects are anticipated to be completed at the end of July, before school reopens for the 2014/15 school year.

PRESS RELEASE

POLICE DEPARTMENT

FOR IMMEDIATE RELEASE: Wednesday May 14, 2014

On May 13, 2014 at approximately 2015 hours, a resident from the 700 block of San Juan Oaks Road reported seeing two Mountain Lions lying in the open field area between San Juan Oaks Road and Spanish Bay Drive.

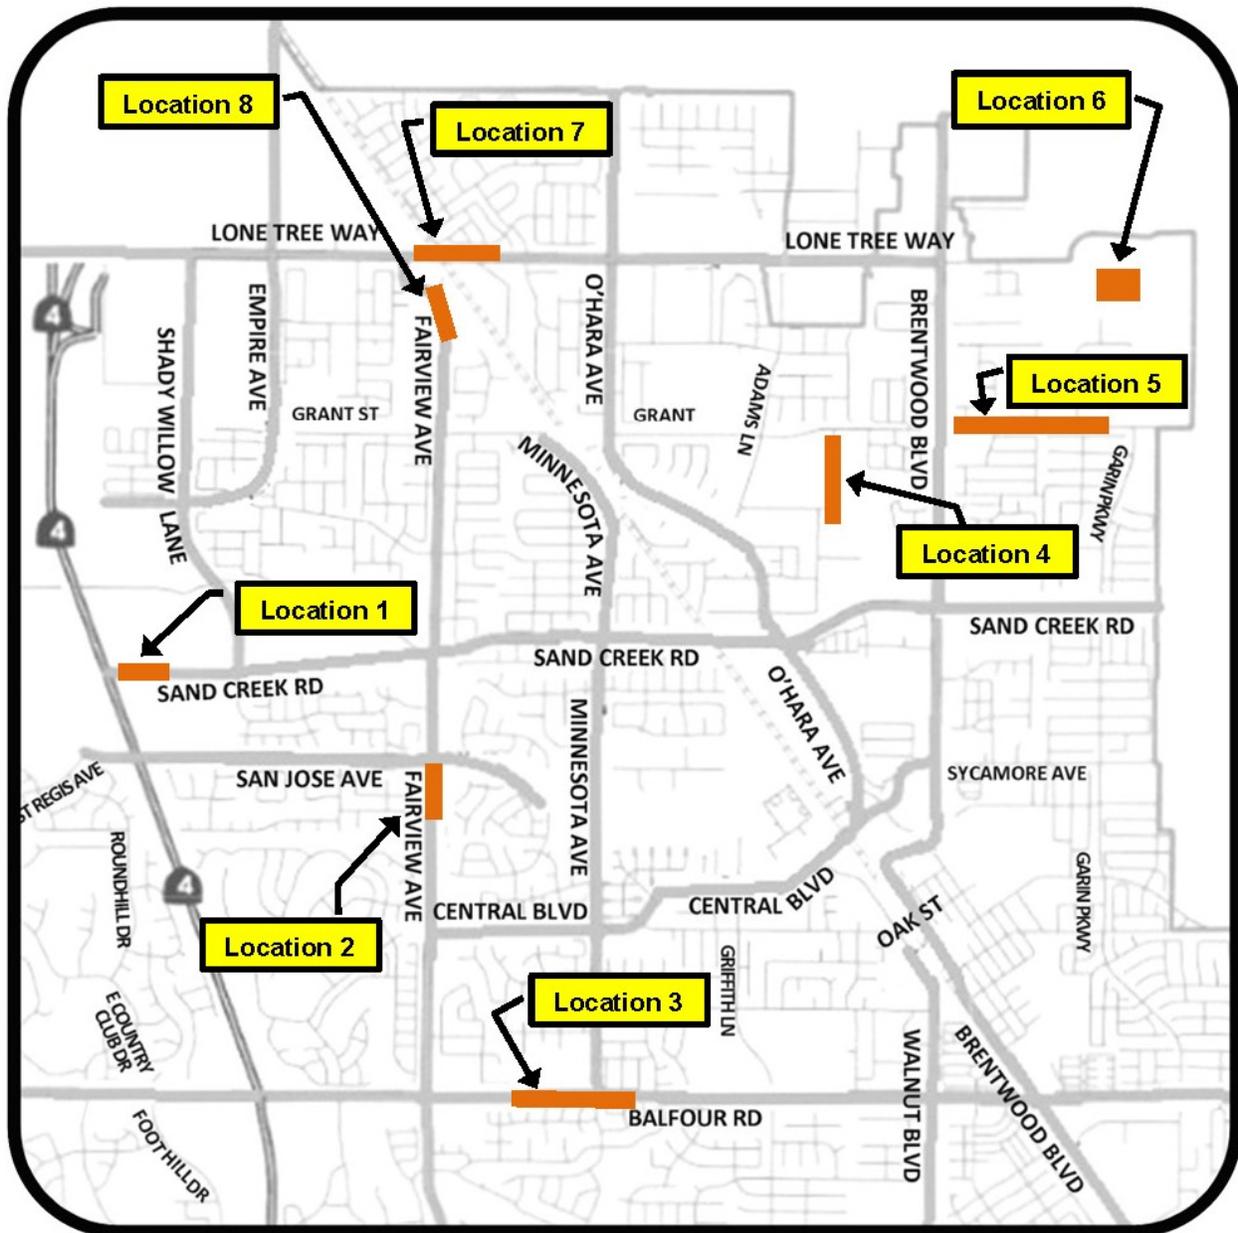

The California Department of Fish and Game along with the Contra Costa County Animal Services Department were notified. No additional sightings have been reported.

If you happen to see these Mountain Lions, do not approach them and call 911.

If you would like more information on Mountain Lions you can visit the California Department of Fish and Game website at www.dfg.ca.gov,

Prepared by Lieutenant Doug Silva (925) 809-7712
