Planning Moves Forward for Brentwood's New Library

In September 2015, the Brentwood City Council held their Strategic Planning Workshop where Council members discussed their vision for the future of Brentwood and directed staff on a two year business plan.

As a part of the plan, City Council was provided a financial plan that identified \$12.2 million that could be used to fund a new 20, 400 square foot library. City Council reiterated a need to build a new library for the citizens of Brentwood.

At the October 27, 2015 City Council meeting, Council voted 5 - 0 approving the Library project budget and directing staff to move to the schematic design phase. As the project moves forward, City staff will be working with architects, the Library, including Friends of the Library and the Library Foundation, as well as the community to gain input on design and amenities
